

## Information / Price List

FRESH ROASTED  
**LITSE**  
COFFEE

### Green Bean Coffee Blends available whole or ground.

House Blend	A premium blend of coffees made from 100% Arabica beans. The Litse Lounge House Blend is an exotic combination from the highest grown estate coffee. Our House Blend consists of Ethiopian Harrar Longberry, Timor Organic and PNG Kimel.	<b>\$9.35/250g</b> <b>\$15.95/500g</b> <b>\$31.90/1kg</b>
PNG Kimel	The PNG Kimel is a light to medium body coffee with an exceptionally clean aromatic flavour. This bean is ideal as a straight origin or in a high espresso blend. A light to medium roast highlights the fineness and clarity of flavour.	<b>\$9.35/250g</b> <b>\$15.95/500g</b> <b>\$31.90/1kg</b>
Ethiopian Harrar Longberry	Harrar Longberry is a natural full flavoured Arabica with a typical winey / fruity overtone. Its intense flavour is highlighted in the dark roast.	<b>\$9.90/250g</b> <b>\$17.05/500g</b> <b>\$34.10/1kg</b>
Ethiopian Yirgachaffe	Washed Arabica, evenly graded with a greater degree of refinement. The Ethiopian Yirgachaffe has more body than unwashed varieties with excellent acidity and a floral sweet cup. It is medium bodied coffee that has its best results from a medium roast.	<b>\$9.90/250g</b> <b>\$17.05/500g</b> <b>\$34.10/1kg</b>
Timor Organic	East Timor has been producing top quality organic coffee since its independence. These organics, particularly from the AIFU region, have a pleasant degree of acidity with a medium to full flavoured body. Its green bean appearance is comparable to PNG's – a well-balanced, bright, clean taste. Most suitable is either light through to medium dark.	<b>\$9.35/250g</b> <b>\$15.95/500g</b> <b>\$31.90/1kg</b>
Honduras Organic	Honduras Organic is an extremely high quality, high grown washed Arabica. A light to medium body with good acidity complements an excellent rich aroma with full flavour.	<b>\$9.35/250g</b> <b>\$15.95/500g</b> <b>\$31.90/1kg</b>
Panama RFA (Rainforest Alliance)	The Panama RFA is a blend of high quality sustainable coffee from the leading Estates in South America. It shows a delicate intensity with sweet floral overtones. This bean possesses a smooth cocoa like aftertaste.  For more information on Rainforest Alliance Coffee, visit: <a href="http://www.greenbeancoffee.com.au/2009/04/rainforest-alliance-coffee/">www.greenbeancoffee.com.au/2009/04/rainforest-alliance-coffee/</a>	<b>\$9.35/250g</b> <b>\$15.95/500g</b> <b>\$31.90/1kg</b>
Colombian Swiss Water De-Caf	A high grown Arabica bean grown in Columbia and decaffeinated using 100% water. It has a soft / medium body with good acidity and is full in flavour. This is superior to most de-caf's available which use chemicals (methol Chloride) to extract caffeine from the bean.	<b>\$10.45/250g</b> <b>\$18.15/500g</b> <b>\$36.30/1kg</b>
